

NORTHUMBERLAND PRO WRESTLING

Location of the investment: **Cobourg, Canada**

Publication: **11.02.2020 04:51**, no. of the advertisement: **1211**

What is your idea / business and to whom is it addressed?

We are a professional wrestling company in Ontario. We have found a small, but HOT territory that is extremely supportive of what we are doing. We have literally hundreds of professional wrestling fans flocking to our events.

How should the idea/business earn money?

Our events make money when we cover all of the events' expenses with sponsorship money. The ticket sales are pure profit.

At what stage is the idea / business at the moment?

We are very early. We have run one event, but have seven planned in 2020. Our first event ran at a profit, which is VERY rare for professional wrestling companies.

What do you need?

We need a \$15,000 loan, repayable at \$18,000 over two years (\$750/mo). This will allow us to take advantage of some opportunities that will really accelerate our profits very quickly. In addition to the interest, the investor will be given sponsorship considerations at all of our events during the two-year repayment period, and will have the option to discuss an equity stake at the end of the repayment period.
