What is your idea / business and to whom is it addressed?

Children's online store that sells most items in a box. A one stop shop to get everyone you need to a gift or your own kids for any occasion all in one box. Various boxes available.

How should the idea/business earn money?

By selling various baby items in a box online and to natural persons. I would like to utilise PayPal online for payment and yoco for walk ins.

At what stage is the idea / business at the moment?

There is a projected plan in place. There are samples of the boxes and I have look at the mark up including all expenses like product purchase, courier cost, website cost etc.

What do you need?

\$10 000.00. I just need to purchase the items of clothing to re sell.
