What is your idea / business and to whom is it addressed?

Irish potato cultivation and Irish potato tuber seed breeding: Reliable and Organised Suppliers Farm is a farming business registered under ACT NO. 16 of 2011 of the Laws of Zambia, our business has been under pilot operations since 2017. We have focused on improving the quality of tableware potatoes and delivering disease free certified tuber seed to farmer's from different countries.

How should the idea/business earn money?

The business earns money through the sale of Irish potatoes and the supply of irish potato tuber seeds, the prices of tableware potatoes are not fixed but increase or decrease depending on season of cultivation while tuber seed prices are fixed

At what stage is the idea / business at the moment?

The business has been in pilot operations, this means we have already established a market for our products. Currently we are among the highly recommended suppliers of tableware potatoes and tuber seed in Zambia and neighbouring countries. The business already has a financial plan on how investment will be used together with available capital.

What do you need?

We are currently looking for a business Partner or investor to grow our business in order to meet customer demand
