What is your idea / business and to whom is it addressed?

The boutique will be selling clothes to women of all sizes. Teaching women that they don't have to spend so much to look good. Introduce women to the now fashion trend.

How should the idea/business earn money?

One can never go wrong with clothing especially women clothing. And the fact that it will be located inside the shopping mall therefore it will also market itself.

At what stage is the idea / business at the moment?

The business is still on paper as I'm struggling to get investors in South Africa.

What do you need?

I need funding. R300 000 will be good start up and can sustain the business for at least 3 months
