### What is your idea / business and to whom is it addressed?

My business is a fabric retailing business. Fabrics are sourced from ghana, china, india, ivory coast and even locally. The fabrics are then retailed in my outlets and even sold online to customers at 50% profit rate. My company also does bespoke tailoring services and ready to wear which are sent abroad with 100% returns on investment. Fabrics like laces, silk, african prints, satin n even tie and dye sourced locally. The fashion business is evolving in Nigeria and investing in my business is a sure way to get the returns on investment.

### How should the idea/business earn money?

The fabric retailing business of mine yields 50 to 100% ROI and only needs 3 months to start making profit. Fabrics are sourced from around the world so we need time for it to get to nigeria and we stsrst aggressive marketing.

### At what stage is the idea / business at the moment?

Business has started already with a clear cut market online and offlibe. Capital is needed for expansion and growing of customer base

### What do you need?

Financial investment into the business of \$10,000.00
