What is your idea / business and to whom is it addressed?

I would like to give health service in periphery my husband is doctor as well we want to built a hospital but we didn't have enough money to complete that project. We want an buisness parnter who invest 50%shares and take 50% profit

How should the idea/business earn money?

May be 5 to 10 million if we run as a buisness. Actually we want to serve humanity

At what stage is the idea / business at the moment?

We have our clintage and the area is potential we purchase our land for hospital.

What do you need?

Need any fund which can help us for complete the process. Or any investor who shares profit. In both conditions we are loyal
