### **What is your idea / business and to whom is it addressed?**

We are manufacturing promotional bottle protection units direct to companies. With their logos and colours etc.

### **How should the idea/business earn money?**

With sales to companies as promotional items and wineries, beverage companies, big retailers.

### **At what stage is the idea / business at the moment?**

We are at the manufacturing stage and need to get the first prototype out to our interested customers.

### **What do you need?**

At present we need to pay for the prototype so we can generate sales and then tooling/production.
