

AGRO EXPORT INVEST

Location of the investment: **Nigeria**

Publication: **25.02.2020 17:03**, no. of the advertisement: **1469**

What is your idea / business and to whom is it addressed?

Am Shuaib O Azeez from Nigeria. My business idea is the exportation of abundance agricultural commodities here from my country Nigeria to any part of the world which are of low quantity or non and of high importance,value and usage. The commodities are as follows : * Kola Nuts * Bitter Kola * Ginger * Hibiscus Flower * Coconut * Cassava * Gallstones * Palm Kernel Shell The above mentioned commodities are mainly of health benefits,food consumption,and cosmetics production. The commodities above are addressed to the pharmaceuticals,Food and beverages, construction materials production firms,chemicals production firms,then cosmetics industries. Most of the commodities mentioned above are of high importance and demands on them are increasing day by day as of the fact that they are of health benefits and tends to be an evergreen commodities. The channels through which the above mentioned commodities can be sold are : B2B websites,social medias advertisement, friends and family overseas, referrals,trade fairs etc.

How should the idea/business earn money?

The business depending on the commodity are 50% and above ROI.

At what stage is the idea / business at the moment?

Starting stage.

What do you need?

I need financing to cover the following. * Office Apartment : This will hold the address of the company and principal place of business to have appointments and hold meetings with clients. * To make advertisement. * To source for commodities,put them in the right form to complete orders make by clients.
