### **What is your idea / business and to whom is it addressed?**

My idea is to start a online food delivery service with balanced creative ideas which has more than 5 unique selling product features

### **How should the idea/business earn money?**

Through the unique model of targeting all communities of people individually and cater them food needs

### **At what stage is the idea / business at the moment?**

The idea is at planning stage and are looking for investors for this multi million project

### **What do you need?**

I need a strong investor where we can have a creative model being rolled out and make wonders in the present food industry verticals
