

## 420 ANGELS SHARE WINE CELLARS

Location of the investment: **United States**

Publication: **26.03.2020 05:56**, no. of the advertisement: **1780**

### What is your idea / business and to whom is it addressed?

Get in on the fastest growing sector in the USA...A CBD Winery startup in Oregon is seeking up to \$12.0m (all/part) funding through equity or equity/debt partnership. I have assembled a top-notch team of winemakers and consulting winemakers who have made wines at some of Oregon's & Napa Valley's top wineries. Included are Screaming Eagle, Dunn, Etude, Domaine Anderson, Green and Red, Van Duzer, Patton Valley, Stangeland and Roco. We at 420 Angels Share Wine Cellars plan to franchise on at least 5 of the Caribbean Islands and will produce handcrafted, small-lot wines of Pinot Noir, Grenache, Zinfandel, Tempranillo, Pinot Blanc, Pinot Gris, and Viognier. We will also produce refreshing seltzer styled juices that are produced from the same grapes we use for our hand-crafted wines and then infused with THC. We have two main targets, the Millenials and knowledgeable wine enthusiasts of all ages.

### How should the idea/business earn money?

By creating a big demand for our high-end wine and producing one of award-winning quality, surpassing all expectations.

### At what stage is the idea / business at the moment?

Ready to start production by purchasing the winery and do some remodeling.

### What do you need?

I am looking for a partner(s) and you being a partner I am always open to advice.
