

## **NEED INVESTOR FOR - NEW STARTUP (INLAND LIGHTER VESSEL UNLOADING BUSINESS IN BANGLADESH )**

Location of the investment: **Dhaka, Bangladesh**

Publication: **29.03.2020 06:18**, no. of the advertisement: **1812**

### **What is your idea / business and to whom is it addressed?**

Bangladesh is a country , which Covered lots of river . Here Most of Factory / industries Based on river side ,Most easily transport is water ways , most goods and raw materials carried by inland lighter vessel ,its cheap and easy to carry goods ,most major parts lots of Lighter vessel owner in south Asia only in Bangladesh , Now the point - problem is unloading lighter vessel commodity , its tough to unloading , Here still ship unloading by Head with labor Help ,its not time & coast saving , Few industries using only modern unloading Equipment , Now we Want to build Nations first commercial E- Crane Barge ,for unloading lighter vessel carrying goods

### **How should the idea/business earn money?**

My projects & vision , we unloading lighter vessel different River jetty also we can move our e -crane barge , its a profitable marking recently , for discharging delay shipper or receiver got demurred from vessel owner , we wanted to first unloading lighter vessel mean time , the charges is unloading ship per tonnage , unloading chargers 2.40 \$ USD /per Ton , our crane will discharge a Day 3000 Mt and this E crane is Fuel & energy saver

### **At what stage is the idea / business at the moment?**

My Project tiil now Idea Based , I am a Marine Surveyor , i know its Market

### **What do you need?**

Now i need Funding or Loan , to make project in successfully become the owner Nations first Commercial E- Crane Barge
