What is your idea / business and to whom is it addressed?

CUBA TRANS .SA it is a private company transport in Cuba where I d like to start so I miss the other part of money ,this company will cost us 40K so the bus get around 35 passengers and the price of travel is 20 \$ each one and every day we can earn more 1200 \$ aafter all the taxes we have to pay because they will do two travel every day

How should the idea/business earn money?

As I explained you with this bus we can earn a lot of money because with this 40K for investment we can earn more 1200K \$ every day cause the bus make two travels every from Santiago de Cuba to Havana with more 35 passengers with the price of 20\$ each one

At what stage is the idea / business at the moment?

So I have a part of money and I d like to find a partner or an investor where we can do it together with 40K \$ we can start with two buses or we can start with one ,so I wait for you .

What do you need?

I only need the other part of money in order to start it so I know we are in moment of pandemia of COVID-19 so after the moment we can start with thr project
