

## **GREEN FUEL MANUFACTURING**

Location of the investment: **India**

Publication: **08.05.2020 09:22**, no. of the advertisement: **2171**

### **What is your idea / business and to whom is it addressed?**

My idea of business is solely intended for the person who is interested in saving the environment and at the same time gaining huge market with an increase in demand with every passing day. We will enter into green Energy business wherein we will pollution and is very cost efficient.

### **How should the idea/business earn money?**

I have been into the business since 2 years. I already have the established market and demand. The ROI (as i expect) would be less than 2 years.

### **At what stage is the idea / business at the moment?**

Everything is perfectly filed. The land is almost finalized. We have had several meetings with machine manufacturers as well. Just waiting for the investment and we shall start production in less then 3 months.

### **What do you need?**

Investment and guidance is all I need.
