### **What is your idea / business and to whom is it addressed?**

My business plan is, I have cooperative of coffee framers so am looking for an investor so that our project should grow and expend hence to reach to the international level.

### **How should the idea/business earn money?**

If I get the investor he is to be the head of the project and we are to share profits with the investor after producing out our coffee.

### **At what stage is the idea / business at the moment?**

The farmers are still on ground but currently we bought a land but still it's small.

### **What do you need?**

I need to have the following for the project. -Buldings/ staff rooms -Coffee procecing machines -Track that carries coffee from the filed -Fence of the land site of the project -Motorcycles for service during field work.
